## Jacksonville, Florida

<b>CLIENT</b>	Fields Auto Group
<b>ARCHITECT</b>	JRB Group Architects
<b>ROLE</b>	Construction Manager

Over the past several years, Fields Auto Group has been gradually moving along one of Jacksonville, Florida's primary corridors for auto sales, Atlantic Boulevard, and improving each of its dealerships. In 2019, ICI completed the new Fields Jaguar Land Rover at 11217 Atlantic Blvd. and demolished the former building next door. In early 2020, ICI was retained for the subsequent construction of the Fields Porsche dealership that will occupy this newly vacated site.

The two-story, 41,032 square foot Porsche is on a 5.85-acre parcel. The building is comprised of 31,648 square feet on the first floor and 9,384 on the second floor. ICI was selected for the project due to a partnership with the automotive group that spans more than twenty years. Additionally, ICI has an existing familiarity with the Porsche brand having recently completed The Porsche Exchange in Highland Park, Illinois.

Fields Porsche Jacksonville was completed in early 2021.
