

Elgin SD U-46 Kenyon Woods Middle School

South Elgin, Illinois

CLIENT	Elgin School District U-46
ARCHITECT	StudioGC
ROLE	Construction Manager

Elgin School District U-46 is implementing a districtwide shift to a sixth-through-eighth grade middle school model. Due to the shift, Kenyon Woods Middle School's enrollment is anticipated to increase from 750 to over 1,100 students. An expansion of the school is necessary to accommodate the increased enrollment.

ICI is fulfilling the role of construction manager on School District 46's single-story, 47,000 square foot addition. The expansion will be masonry construction and will house classrooms, science labs, conference rooms, staff offices and associated back-of-house spaces. Additionally, ICI is renovating the administrative wing, staff offices, select classrooms and library media center spaces within the existing school.

Construction is targeted for completion in summer 2026.
